Hi Alice,

See my comments on this document. All the others have PADEP on that one bullet. Not sure if that bullet should have PADEP or the state agency we are referring to in the document. Also, The outreach part of most of the documents seems to have a smaller font.

Other than that, everything looks fine to me.

Thanks, Cristina

Hi, OAQPS wants these updates by Nov. 16. I've kept the bullets simple. Remember that these reports will be posted on a public website. If there's anything we don't want on this, please let me know. Nonresponsive based on revised scope

Nonresponsive based on revised scope The Union Carbide reports are identical because we are doing the same thing for WV, just the locations are different—OAQPS asked that we keep them separate..

If you have comments, I would need them before noon on Monday, Nov. 16.

Thanks,
Alice
